- Provider and Staff training videos
- Links to website resource for providers and patient

These You tube videos provide information on the importance of smoking cessation, medication therapies, delivering the 5A's and motivational interviewing. Two are from the University of California focusing on the 5A's, therapies and medications. The other set are more general videos on the need for smoking cessation and medication recommendations. Training time invested in watching a couple of these videos is a wise investment for later, to assure that the counseling delivery for smoking cessation is as effective as possible.

**Provider and Staff (You tube) training videos**

UC QUILTS webinar, every smoker, every encounter The 5A's of Tobacco Cessation 15.02 minutes https://www.youtube.com/watch?v=5LoEOcFY2GQ [1]

UC QUILTS webinar, every smoker, every encounter Medications for Smoking cessation 38.17 minutes https://www.youtube.com/watch?v=lX019E7mGn0 [2]
